

GERMANY WILL PAY ONLY 32.000.000 GOLD MARKS

July Payment to Allies Reduced by Reparations Commission to Relieve German Financial Crisis and Credit Given For Remaining 18,000,000 Gold Marks For Deliveries of Dyes to Textile Alliance of America and Coal Deliveries to Luxembourg— Commission Expects to Receive Formal Request for Moratorium Today—Indications Are That Germany Will Ask to be Relieved of All Remaining Payments This Year.

Paris, July 11 (E. A. P.)—The reparations commission decided today to relieve the German financial crisis to the extent of reducing the monthly installment of 50,000,000 gold marks due Saturday to 30,000,000 gold marks, and the 32,000,000 gold marks Germany had announced her willingness to pay the next month. But the commission ruled that in view of the fact that the figure was all that would be required, credit to the amount of 18,000,000 gold marks would be given Germany. The reparations account for deliveries of dyestuffs made during the last few months by the manufacturers of America to all the allies and also the deliveries of coal, which had been made to Luxembourg at the request of the allied powers, were credited to Germany. Germany for some time, and the officials thought that this time was opportune to relieve them, in view of the German difficulties.

The members of the reparations commission spent all day discussing the

GOVERNMENT HEADS URGED TO ECONIMIZE	GARVAN APPEARS BEFORE WAR FRAUDS GRAND JURY
Washington, July 11.—Administrative members of the executive establishments of the government who were assembled today for their third semi-annual business meeting, were called upon by President Garvan to practice the utmost economy of expenditure during the current fiscal year and the use of their "pruning knives" upon the estimates for the succeeding year.	Washington, July 11 (By the A. P.).—Appearance today of Francis P. Garvan before the grand jury of the federal court of the Chemical Foundation, Inc., before the Federal war frauds grand jury, and the disclosure of the evidence gathered a sweeping inquiry into every action of the custodian's office from its inception.

The president further urged economy by federal officials as an example for the states and municipalities whose mounting debts he described as "menace to the stability of the country."

Referring to the operations of the budget bureau during the fiscal year just ended, during which withdrawals from the treasury were reduced to \$759,000,000 from \$1,000,000,000, Mr. Taft said that \$655,000,000 was a record of real achievement; he declared that the prospective net deficit of \$435,000,000 for the next year is challenge to us all. that the investigation was designed primarily to establish firmly the legality of the custodian's acts and to remove the grounds for continued criticism levelled against the estate, if such criticism is been unjustified.

A grand jury investigation was declared by the officials to be the only method for proving the American system of government to citizens and to the world. External assurance that "every American interest" in the dye patents sold by the former property custodian in 1919 to the Chemical Warfare Service was protected by the government was made.

7949. He stated, he was estimated at \$37,700,000.00. The expenditures were placed at \$37,700,000.00, an amount equal to the cost of expenditure amounting to \$697,000,000.00. The office of the President was estimated at \$372,600,000.00 by the general balance in the treasury on June 30, 1917. The President continued, has demonstrated that there need be no undue concern over the deficit. He stated that the deficit of \$24,600,000.00 was forecast last year.

allied. This was accomplished, he asserted, despite the fall in government receipts for the year of \$1,155,000,000, the equivalent of the reduction in the amount collected from the people, yet because it pruned the expenditures by \$1,200,000,000, it produced an actual surplus.
